Subject: EMO Field Officer Support Over the Weekend and Update

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon Chief Laforet,

Christopher and I will be going off duty at 6:30pm tonight. If you require any assistance with the RFA for fencing, barriers, etc., please contact the PEOC at 416-314-0472 and they would be happy to help you, along with any other municipal emergencies or requests after hours tonight.

In addition, for your situational awareness, please find an update on the emergency order released today at the following link in support of the provincial declaration of emergency announced yesterday: [Emergency information | ontario.ca](#). The new measures make it illegal to impede access to or exit from critical infrastructure, including:

- 400-series highways
- Airports
- Canals
- Hospitals
- Infrastructure for the supply of utilities, such as water, gas, sanitation and telecommunications
- International and interprovincial bridges and crossings
- Locations where COVID-19 vaccines are administered
- Ports
- Power generation and transmission facilities
- Railways

The new measures also strengthen police powers to disperse crowds and remove vehicles, as well as suspend or cancel permits, licences (such as drivers' licences) and certificates under the *Highway Traffic Act*. I have also included a [link](#) to the Ontario Newsroom Bulletin regarding the "Notice of Court Order Concerning Access to the Ambassador Bridge." The bulletin includes that the order remains in effect for 10 days. Christopher and I will be back on-duty tomorrow morning. If you could please CC us on any overnight issues or events, that would be greatly appreciated.

Best regards,

Holly Robert

Holly Robert

Field Officer - St. Clair Sector
Emergency Management Ontario (EMO) - Field Operations
